Arias for Caffarelli

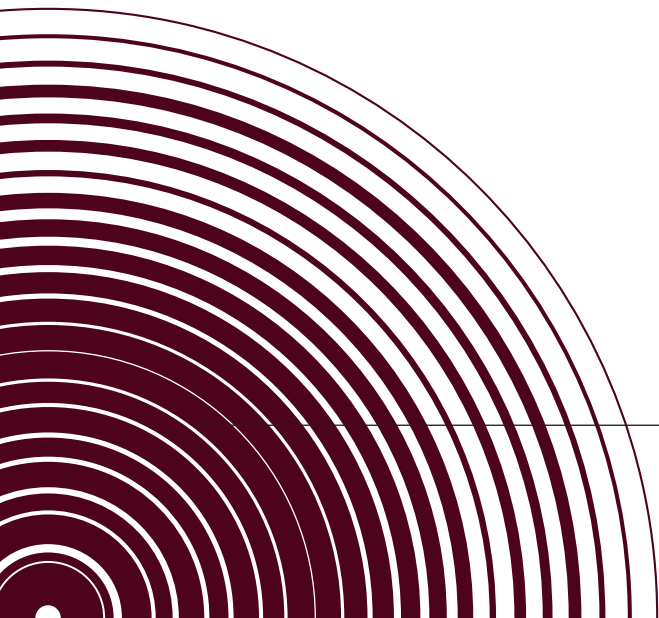

Franco Fagioli, Countertenor

Il Pomo d'Oro | Maxim Emelyanychev

Next to Farinelli, Caffarelli (his real name being Gaetano Majorana) is the most famous castrato in the history of opera. His outstanding voice and the brilliant interpretation of his roles captivated the audience just as much as his colourful personality. Great moments in the history of music were followed by fierce rivalry and eccentric escapades. He performed during the premières of Haendel's operas *Serse* and *Faramondo* in London and Haendel composed his famous aria « *Ombra mai fu* » (from *Serse*) for him. In the course of his eventful career Caffarelli made a considerable fortune and was also awarded the title of Duke of San Dorato.

Franco Fagioli, one of the most renowned counter-tenors of our times, brings back to life the fascinating world of Caffarelli. The young and dynamic baroque orchestra « *Il Pomo d'oro* », directed by Maxim Emelyanychev, will be his musical partner.

The CD is due to be published by NAÏVE on september 13th, 2013.
